SAFETY DATA SHEET
According to Regulation (EC) No 1907/2006 (REACH)

1. PRODUCT IDENTIFICATION

Trade Name(s): ECODRAIN-S9000, e.drain 9000
Product Description: Dimpled HDPE Sheet
Chemical Name: Polyethylene Compounds
Chemical Family: Polyolefin
CAS No: N/A

Supplier:
EPRO Services, Inc.
PO Box 347
Derby, KS 67037
800-882-1896 (8:00am – 5:00pm CST)

2. HAZARD(S) IDENTIFICATION

Based on pertinent data available, these products are considered “articles” and are not hazardous under OSHA Hazard Communication Standard (29 CFR 1910.1200). GHS Label Elements not required.

3. COMPOSITION/INFORMATION ON INGREDIENTS

This product does not meet the definition given in 29 CFR 1910.1200 fo hazardous material and composition is not required.

4. FIRST-AID MEASURES

Inhalation: Not likely in current form
Ingestion: Not likely in current form
Eye Contact: As with any foreign object, flush with water. If pain or irritation persists, consult physician.
Skin Contact: Wash with soap and water. In case of irritation, consult physician.

5. FIRE-FIGHTING MEASURES

Extinguishing Media: Dry chemical, carbon dioxide or foam.
Special Fire Fighting Procedures: Wear NIOSH approved, positive pressure, self-contained breathing apparatus (SCBA) and full protective clothing. Extinguish fires with foam or dry chemical. Do not use water jet. Unusual Fire and Explosion Hazards: Avoid accumulation and dispersion of dust to reduce explosion potential. Fire may produce irritating gases and dense smoke.

6. ACCIDENTAL RELEASE MEASURES

Spill is not applicable. Sold in solid form.

7. HANDLING AND STORAGE

Handling: Wear safety glasses during cutting and fabricating processes. Electrostatic charge may build up during handling. Grounding of equipment is recommended.
Handling: No special handling unless large rolls are used. Use lifting devices as necessary.
Storage: Store in a dry place and away from direct sunlight.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Emergency Overview: Practically nontoxic
Primary Route(s) of Exposure: Inhalation, Eye, Skin Contact

Potential Health Effects and Symptoms of Over-Exposure
Negligible hazard at room temperature under normal use.
Eye Contact: Solid flake or dust may cause transient irritation as a result of mechanical abrasion.
Skin Contact: Essentially no irritation to skin. Mechanical injury only. Hot solid may cause thermal burns.
Inhalation: Exposure to dust at high concentration may cause irritation to respiratory tract.
Ingestion: May cause choking if swallowed.
Medical Conditions Aggravated by Overexposure: Not expected. Film is generally accepted as being biologically inert. No specific antidotal treatment, symptomatic support required.
Carcinogenicity: NTP: No IARC: No OSHA: No

Eye Protection: As required by site-specific conditions. Not normally required.
Skin Protection: Gloves required when handling hot material. Not normally required.
Respiratory Protection: None required in normal use of product. NIOSH approved dust mask recommended if dust conditions exist.
Engineering Control: Ventilation Requirements — General
General ventilation should be sufficient. However, if operating conditions create high airborne concentrations of this material, special ventilation may be needed. If handling results in dust generation, special ventilation may be needed to ensure that dust exposure does not exceed the OHSA PEL for nuisance dust.
Required Work/Hygiene Procedure: Minimize contact with skin. Do not eat, drink or smoke in work area. Wash hands thoroughly after handling, especially before eating drinking, smoking, chewing or using restroom facility. Dusted clothing and shoes should be thoroughly cleaned before use.

9. PHYSICAL AND CHEMICAL PROPERTIES

Flash Point: Greater than 400°
Autoignition: Not applicable
Flammable Limits in Air (LEL, %): Not applicable  (UEL, %): Not applicable

Physical Form: Solid
Color: Black
Odor: Insignificant
Boiling Point: Not applicable
Melting Point: ~ 320°F
Freezing Point: Not applicable
Solubility in Water: None
Specific Gravity: Less than 1 (water = 1)
Vapor Density: Not applicable (air = 1)
Evaporation Rate: None (Butyl acetate = 1)
Vapor Pressure: Not applicable
% Volatile: None
pH: Not applicable

10. STABILITY AND REACTIVITY

Stability: Stable
Conditions to Avoid: Strong oxidizers
Hazardous Decomposition: Carbon dioxide, carbon monoxide
Hazardous Polymerization: Will not occur

11. TOXICOLOGICAL INFORMATION

Inhalation: Not likely under normal use
Injection: Not likely under normal use
Ingestion: Not likely under normal use
Skin Contact: Prolonged contact may cause irritation to some individuals

Eye Effects: Not toxic, may irritate eyes
Skin Effects: Not toxic, may irritate skin
Target Organs: None
Chronic: No known health effects from long term use or contact
Carcinogenicity: The IARC evaluation is the “Carbon black (airborne, unbound particles of respirable size) is possibly carcinogenic to humans (Group 2B)”
Mutagenicity & Reproductive Effects: Not believed to be mutagenic or a reproductive hazard
The information provided below can be subject to misinterpretation. Therefore, it is essential the following information be interpreted by individuals trained in its evaluation.

Chemical
Polyethylene and Polypropylene: No toxicology data available.
Polyethylene and polypropylene are not considered hazardous materials under the OHSA Hazard Communication Standard
12. **ECOLOGICAL INFORMATION**

Environmental Data: Not expected to be hazardous to the environment in present form.

13. **DISPOSAL CONSIDERATIONS**

Dispose of in accordance with Federal, State, and local environmental control regulations.

14. **TRANSPORT INFORMATION**

DOT Shipping Name: Not listed  
DOT Label: Not regulated  
DOT Hazard Class: Not applicable  
UN/NA Number: Not applicable  
Hazard Label(s): Not applicable  
Hazard Placard(s): Not applicable  
Packing Group: Not applicable  
Bulk Packaging: Not applicable  
RQ: Not applicable  
Emergency Response Guide (ERG) No.: Not applicable

15. **REGULATORY INFORMATION**

**FEDERAL REGULATORY INFORMATION** – Polyethylene, Polypropylene  
OSHA Status: None  
EPA Clean Air Act Status: None  
EPA Clean Water Act Status: None  
TSCA Status: All ingredients are listed on TSCA Inventory (40 CFR710)  
CERCLA RQ: None  
USA TSCA: This product is considered an article and is exempt from TSCA requirements.  
Canada Domestic Substances List (DSL): This product is not specified on the DSL or NDSL.

SARA Title III Polyethylene, Polypropylene  
Section 302*  Section 313**  Section 311/312***  
None  None  None

*Reportable quantity of extremely hazardous substance, Sec. 302  
*Threshold planning quantity, extremely hazardous substance, Sec. 302  
**Toxic chemical. Sec. 313  
**Category as required by Sec 313 (40CFR372.65C). Must be used on Toxic Release Inventory form.  
***Hazard category for SARA Sec311/312 reporting H1=acute health hazard, H2=chronic health hazard, P3=fire hazard, P4 sudden release of pressure hazard, P5=reactive hazard

California Proposition 65: Carbon Black (airborne, unbound particles of respirable size), CAS# 1333-86-4 is listed as a possible carcinogen.

Canada Regulations (WHMIS): Not listed
RCRA Status: If disposed of in its purchased form, this would not be a RCRA hazardous waste either by listing or by characteristic. However, under RCRA, it is the responsibility of the product used to determine at the time of disposal whether a material containing the product or derived from the product should be classified as a hazardous waste (40CFR261.20-24).

OTHER REGULATORY INFORMATION

The following chemicals are specifically listed by individual states; other product-specific health and safety data in other sections of the SDS may also be applicable for state requirements. For details on your regulatory requirements, you should contact the appropriate agency in your state.
