

e.fastener

Product Description

Basic Use: e.fastener is used to properly secure e.drain in place on blindside shoring wall applications. e.fastener is a five pronged fastener specifically designed to fit into the e.drain shallow dimple when secured by a galvanized steel shot pin.

Composition: Five-pronged orange fastener is made of high density polyethylene (HDPE).

Benefits

- Ensures proper securement of e.drain with proprietary fastener
- Creates uniform and consistent detailing of fasteners
- Secures systems on a wide variety of substrates

Limitations

- Proper spacing and detailing must be followed in order to not compromise system

Technical Data

Specification Writer: Contact EPRO before writing specifications on this product. E.Series system assemblies should be reviewed in order to meet project specific site conditions.

Installation

Preparation: Determine fastening pattern prior to installation.

Application: Please refer to manufacturer's specifications. Drainage panels may run horizontally or vertically. Secure seam overlaps using e.fasteners 12 inches on center, and vertical field areas shall be secured with e.fasteners every 3 feet in an alternating manner.
